

LITTLE BOSS MARKETPLACE APPLICATION

Attention all parents, creators, and future business owners!

Does your child always invent new things, craft, or brainstorm business ideas? Here is their chance to shine! We are thrilled to host the first-ever “Little Boss” Marketplace at Halcyon Village!

This is a unique opportunity for kids to step into an entrepreneur’s shoes, showcase their creativity, and sell their own handmade or unique products to the community.

Spaces are limited, and we can’t wait to see what our amazing local kids come up with! Whether they make jewelry, bake treats, paint art, or design something completely new—all mini-bosses are welcome!
